

## San Francisco Scottish Fiddlers Repertory Tunes on CDs

For SFSF members who wish to learn tunes by ear (highly encouraged), here is a list of some of the SFSF "Tunes of the Month" matched up with various commercially available recordings. The "Tunes of the Month" listing is also noted with each tune, so you can refer to the club's publications of sheet music as well.

The list is presented alphabetically by tune title. Once you find the name of your tune, check the CD Key code against the table at the end of the document to see which recording(s) it appears on.

Many thanks to Cherry Clark and Naomi Robinson for their hard work in compiling the list!
